

Do not allow new LPFM stations to take priority over current FM translator service. We listen to K-LOVE (88.9) in La Grande, Oregon. Displacing K-LOVE will impact the community. Living in a rural area our choices for radio are limited. We do not have a local alternative to this type of broadcasting, unlike others in large cities. Displacing this station takes away our freedom to choose the broadcasting that is in the best interest of our family. Displacing K-LOVE will have a personal effect on our family. K-LOVE's broadcasting has no commercials, offensive language or offensive lyrics in the music, unlike other stations on the local and national level. This station is important to families. Keeping this station is in the public interest. This is one station the FCC won't have to fine for being offensive and for that reason, keeping this station is truly in the public interest. K-LOVE is a valuable resource both locally and nationally and for our families. Do not give LPFM a priority over current FM translator service.
